Output

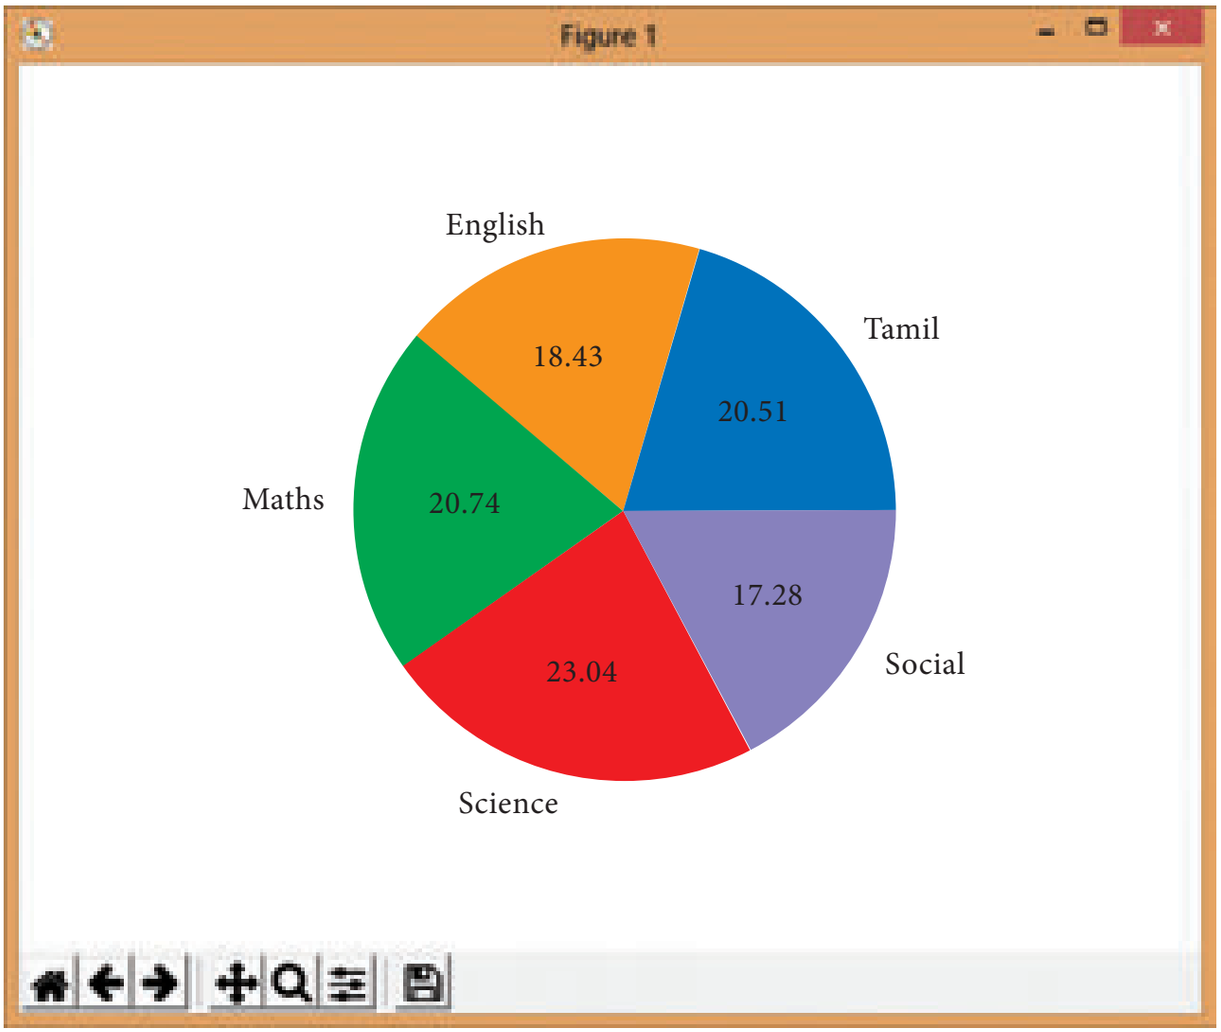

Figure 16.7

Hands on Practice

1. Create a plot. Set the title, the *x* and *y* labels for both axes.
2. Plot a pie chart for your marks in the recent examination.
3. Plot a line chart on the academic performance of Class 12 students in Computer Science for the past 10 years.
4. Plot a bar chart for the number of computer science periods in a week.
