```
        "border-red-400 focus:outline-red-600": product.errors[:price].any?}]
%>
  </div>

  <div class="inline">
    <%= form.submit class: "w-full sm:w-auto rounded-md px-3.5 py-2.5
        bg-blue-600 hover:bg-blue-500 text-white inline-block
        font-medium cursor-pointer" %>
  </div>
<% end %>
```

We'll explore this more in Chapter 8, *Task C: Catalog Display*. But for now, we've adjusted two fields to taste, so let's fill them in, as shown in screenshot. (Note the use of HTML tags in the description—--this is intentional and will make more sense later.)

Now we need some files to upload. Create a directory named **db/images** in your application, and download the images there.[41]
