```
end
```

So, as a first test of all of this, click the Place Order button on the checkout page without filling in any of the form fields. You should see the checkout page redisplayed along with error messages complaining about the empty fields, as shown in screenshot.

If we fill in data, as shown in the following screenshot, and click Place Order, we should be taken back to the catalog, as shown in next the screenshot.

But did it work? Let's look in the database, using the Rails command `dbconsole`, which tells Rails to open an interactive shell to whatever database
