Documenting What We've Done

Part III. Rails in Depth

---

19. Finding Your Way Around Rails

Where Things Go

Naming Conventions

20. Active Record

Defining Your Data

Locating and Traversing Records

Creating, Reading, Updating, and Deleting (CRUD)

Participating in the Monitoring Process

Transactions

21. Action Dispatch and Action Controller

Dispatching Requests to Controllers

Processing of Requests

Objects and Operations That Span Requests

22. Action View

Using Templates

Generating Forms

Processing Forms

Uploading Files to Rails Applications

Using Helpers

Reducing Maintenance with Layouts and Partials

23. Migrations

Creating and Running Migrations
