06.00 pm	Breast feeding or artificial feeding.
08.00 pm	Amirtham
10.00 pm to next day morning	Breast feeding or artificial feeding.

Recipe for Amirtham

Composition per 100gms

Ingredients		Quantity
Wheat	-	40gms
Rosted bengal gram	-	20gms
Ground nut	-	15gms
Jaggery	-	25gms

Method:

Wheat, Bengal gram and ground nut should be cleaned and roasted over medium flame. Grind all the ingrediants to a fine powder. Take 15gms of ground powder mix well with juggary and water. Cook well till it becomes a smooth paste.

Discussion:

Appearance - Pale yellow

Taste - Good

Texture - Semisolid

Acceptability - Children like it very much.

Flavour - Good

Conclusion:

It is a very good weaning food which provides calories, protein, iron and calcium.
