Raju, Kanth, Verma and Ragothaman stepped out to discuss the revelations from the interrogations so far. They deduced that the second stage of the assassination operation seemed to be recruiting and getting more local people into the team. Subramaniam's strategy of convincing Nalini to help Bhagyanathan run the printing press had paid off.

They went back to the interrogation room. This time Raju joined in. Bhagyanathan spoke about the book *The Satanic Forces*. The key message it carried was that Rajiv Gandhi was responsible for the 'crimes perpetrated by the IPKF in Sri Lanka'. *The Satanic Forces* did not carry any message from the LTTE itself but a subtle quote by Prabhakaran, 'Work is worship', which served the purpose. The publication was a compilation of photographs from the archives of the LTTE, a reproduction of reports in the Indian media that questioned Rajiv Gandhi's handling of the Sri Lankan problem and the actions of the IPKF.[9] Bhagyanathan's revelation helped the SIT understand Nalini's attitude towards the officers even as she kept abusing Rajiv Gandhi.

Raju and Kanth went to interrogate Murugan. Bhagyanathan wanted a break, but neither Verma nor Ragothaman would allow that—either he revealed everything then and there or they would subject him to torture that would be far more unbearable than what the LTTE did to others. The interrogators' idea was to drive Bhagyanathan to a point where he felt the only way he could survive was by telling them everything. Verma brought in Ravi Shankar again. He revealed that Prabhakaran had sent a message to photojournalist Shubha Sundaram asking him to assist Muthuraja in a covert operation of the LTTE—to catch more young minds for a task that the supremo would explain later. Sundaram chose him and Haribabu for the job. Haribabu, too, was in debt. Sundaram came to his help—he overpaid Haribabu for photo assignments.

Muthuraja met Haribabu, told him that a guest from Jaffna was going to arrive soon, so it would be great if Haribabu could convince his parents to accommodate him at their house for a week. Muthuraja gave a wad of hundred-rupee notes to Haribabu to meet the expenses. Ravi Shankar disclosed to the SIT that the guest in question was Santhan, who eventually
