Example (of pervasion): *dristanta*
Exclusion: *apoha*
Extrinsic veridicality: *paratah pramanya*
Factor in an action or event: *karaka*
Feeling: *samvedana*
Frustration: *duhkha*
Generality: *samanya*
Generic form: *akriti*; *samsthana*
Generic property: *samanya*; *jati*
God: *Ishvara*
Grammatical co-ordination: *samanadhikaranya*
Ignorance: *avidya*
Ignorance as positive force: *bhava-rupa-avidya*
Illusion: *maya*
Illusory change: *vivarta*
Imagination: *kalpana*
Immediate experience: *anubhava*
Impermanent: *anitya*
Imposed property: *upadhi*
Indefinability: *anirvacaniya*
Indeterminate perception: *nirvikalpaka-pratyaksha*
Individual substance: *dravya*
Individuator: *vishesha*
Inference: *anumana*
Infinite regress: *anavastha*
Inherence: *samavaya*
Inherence cause: *samavayi-karana*
Inherent nature: *svabhava*
Injunction (ritual): *vidhi*; *niyoga*
Inner Sense: *manas*; *antah karana*
Inseparable connection: *avinabhava*
Instrument of knowledge: *pramana*
Instrumental Cause: *nimitta-karana*
Intellect: *buddhi*
Intrinsic reflexivity of consciousness: *sva-samvedana*; *sva-prakasha*
Intrinsic validity: *svatah pramanya*
Intrinsic veridicality: *svatah pramanya*
Intuitive insight: *jnana*
Invariable association: *vyapti*
Invariable concomitance: *vyapti*
Knowable entity: *prameya*
Knowledge: *prama*
Knownness: *jnatata*
Level of reality: *tattva*
Liberation from rebirth: *moksha*; *mukti*
Limiting adjunct: *upadhi*
Locus of properties: *dharmin*
Logical fallacy: *hetvabhasa* [*hetu-abhasa*]
Logical reason: *hetu*
Logical sign: *hetu*
Major term: *sadhya*
Manifestation (produced by or in consciousness): *abhasa*
Material cause: *upadana-karana*
Material nature: *prakriti*; *pradhana*
Meaning: *artha*
Memory traces: *Samskara*
Mental content: *vishaya*
Mental image: *akara*
Mental impressions: *vasana*
Mental modification: *citta-vritti*
Mental traces: *vasana*
Method of agreement and disagreement: *anvaya-vyatireka*
Metonymy: *lakshana*
Middle term: *hetu*
Mind: *manas*
Minor term: *paksha*
Misconception: *avidya*
