7. To review the development plans of the different departments of the state and ensure that prevention and mitigation measures are integrated therein.

8. To review the measures being taken for mitigation, capacity building and preparedness by the departments of the government of the state and issue such guidelines as may be necessary.

9. To prepare an annual report on its activities and submit it to the state government. The state government causes it to be laid before the state legislature[6].

District Disaster Management Authority

Under the Disaster Management Act, 2005, every state government should establish a District Disaster Management Authority (DDMA) for every district in the state.

 **Composition**

A DDMA consists of a chairperson and other members, not exceeding seven. The Collector (or District Magistrate or Deputy Commissioner) of the district is the ex-officio chairperson of the DDMA. The elected representative of the local authority is the ex-officio co-chairperson of the DDMA. But, in case of Tribal Areas (as referred to in the Sixth Schedule to the Constitution of India), the chief executive member of the district council of autonomous district is the ex-officio co-chairperson of the DDMA. The chief executive officer of the DDMA, the superintendent of police and the chief medical officer of the district are the ex-officio members of the DDMA. Not more than two other district level officers are appointed by the state government as the members of the DDMA. In case of a district where Zilla Parishad exists, the chairperson of that Zilla Parishad is the co-chairperson of the DDMA. The chief executive officer of the DDMA is appointed by the state government.

 **Functions**

The DDMA acts as the district planning, coordinating and implementing body for disaster management and takes all measures for the purposes of disaster management in the district in accordance with the guidelines laid down by the NDMA and the SDMA. Its functions are as follows:

1. To prepare a disaster management plan including district response plan for the district.

2. To coordinate and monitor the implementation of the National Policy, State Policy, National Plan, State Plan and District Plan.

3. To ensure that the areas in the district vulnerable to disasters are identified and measures for the prevention of disasters and the mitigation of its effects are undertaken by the departments of the government at the district level as well as by the local authorities.

4. To ensure that the guidelines for prevention of disasters, mitigation of its effects, preparedness and response measures as laid down by the NDMA and the SDMA are followed by all departments of the government at the district level and the local authorities in the district.

5. To organise and coordinate specialised training programmes for different levels of officers, employees and voluntary rescue workers in the district.
