4. He/she formulates foreign policy and conducts foreign affairs of the US.

5. He/she can grant pardon and reprive for offences against federal laws (except in cases of impeachment).

6. When a bill approved by both the Houses of the Congress is sent to him/her for his/her assent, he/she has three options before him/her:

(i) He/she may give his/her assent to the bill and the bill then becomes an Act.

(ii) He/she may reject the bill and return it to the Congress within ten days. However, if the same bill is re-passed by the Congress by a two-thirds majority, then the bill becomes a law and the President has to sign it. This is known as 'Qualified Veto'.

(iii) He/she may reserve the bill with him. Then, the bill becomes a law after the expiry of ten days without his/her assent. However, if the Congress ends the session before ten days, then the bill automatically dies. This is known as 'Pocket Veto'.

7. He/she can send messages to the Congress proposing some legislative measures; either orally delivered to the House or sent in the form of a document.

8. He/she can call special sessions of the Congress for consideration of urgent matters.

9. He/she prepares the national budget and submits it to the Congress for approval.

10. He/she is empowered to make rules and regulations in the form of executive orders. This is known as delegated legislation.

11. He/she is empowered to adjourn the Congress, when there is a disagreement between two houses on the date of adjournment.

British Constitution

The British Constitution is the Constitution of the United Kingdom of Great Britain and Northern Ireland. Great Britain consists of England, Wales and Scotland. England and Wales were united in 1535 and Scotland joined them to form the state of Great Britain in 1707, while the United Kingdom of Great Britain and Northern Ireland was formed in 1921.

The British constitutional system is the oldest in the world and is also the oldest democratic system. In fact, the British Constitution is the 'mother of Constitutions'. The principles and institutions of representative Government were first developed in Britain.

The British Constitution is a blend of monarchy, aristocracy and democracy. The salient features of the British Constitution are explained as follows:

1. Unwritten Constitution Unlike the American Constitution, the British Constitution is unwritten. In the UK, most of the principles governing the distribution and exercise of the governmental powers are not written. Only a small portion of the British Constitution is covered by written documents. The British Constitution is an evolved Constitution, not an enacted one. It is a product of history and a result of evolution. It is a child of chance (accident) as well as wisdom (design). It is not a static Constitution but a
