The main components of the PageMaker window are **Title bar, Menu bar, Toolbar, Ruler, Scroll bars and Text area.** Let us have a look at these components.

Title bar

Figure 2.5 Title bar

It is the topmost part of the window. It shows the name of the software and the name of the document at the left, and the control buttons (Minimize, Maximize and Close) at the right.

In Figure 2.5 we can see the name of the software (Adobe PageMaker 7.0) at the left. It is followed by the default name of the document(Untitled-1) which can be changed when we save the document with a user-supplied name.

We know that on clicking the Minimize button the document window is minimised to a small icon and kept in the task bar, Maximise button is used for maximising the current document window to fit the whole screen area, and the Close button closes the software itself.

Menu bar

Figure 2.6 Menu bar

It contains the following menus **File, Edit, Layout, Type, Element, Utilities, View, Window, Help.** When you click on a menu item, a pulldown menu appears. There may be sub-menus under certain options in the pull-down menus. Refer Figure 2.6

Toolbar

If you place the mouse pointer on a button in the Toolbar, a short text will appear with its description called '**Tool Tip**'. Refer Figure 2.7

Figure 2.7 Toolbar

Toolbox

The Figure 2.8 shows the PageMaker toolbox.

To move the toolbox, drag the toolbox by its **title bar**. Select a tool from the default toolbox by clicking it.

If the toolbox is not available on the screen, you can perform these steps to show the toolbox.
