If you would like to copy a worksheet using the mouse, follow these steps:

1. Select the worksheet **tab** you want to **copy** and right-click on it.

1. Choose "**Move or Copy**" from the menu.
2. In the "**Move or Copy**" dialog box that appears on your screen, select the target workbook (**To book**) and the location (**Before sheet**) at which you wish to insert the copied worksheet.
