

On the left corner is the green color panel, which contains some large icons, including; Home, New Open, and some little links at the bottom.

At the top of the right panel, you will find the “Blank Workbook” button.

You can open a new blank standard Excel workbook by clicking the "**Blank workbook**" button.

In the right panel of the Excel Start Screen, after the Blank workbook button, there are buttons you can use to navigate through the new functionality introduced in Excel.
