CREATING PIVOT CHARTS

A pivot chart is a visual representation of data from a pivot table in Excel. It allows you to summarize and analyze large amounts of data in a graphical format.

Once you have your pivot table ready, follow these steps to create a pivot chart:

1. Click on any cell within the pivot table.
2. Go to the **Insert** tab on the ribbon.
3. Click on **Pivot Chart** and select the type of chart.
