**Congratulations!** You just created the heading and labels for a monthly budget.

Next, you start entering the numerical values in cell **B4** until you get to Cell **M8** as illustrated below.

**Note:** when done entering data in a cell, press the **TAB** key to make the next cell by your left become active.

For example, if you are in cell **B4,** press the **TAB** key after typing in the value 2000 to make cell **C4** active automatically.
