

- **COUNTA Function**
  Counts the number of non-empty cells within a specified range. This includes all cells, even those containing error values or empty text strings returned by other formulas.

=COUNTA(num1;num2;num3; …)

- **COUNTBLANK Function**
  Determines the number of empty cells within a specified range. Text strings consisting solely of empty characters are considered empty.

=COUNTBLANK(num1;num2;num3; …)

- **COUNTIF Function**
  Counts the number of cells within a range that meet a specific condition.

=COUNTIF(range; criteria)
