TABLE OF CONTENTS

CHAPTER 01 Lathe 01

1.1 Introduction
1.2 Turning
1.3 Structure of a lathe
1.4 Main parts of a lathe
1.5 Feed mechanisms
1.6 Tumbler gear
1.7 Apron
1.8 Spindle Mechanism
1.9 Stepped cone pulley mechanism
1.10 Back gear mechanism
1.11 Gear box mechanism
1.12 Types of lathe
1.13 Differences between capstan and turret lathe
1.14 Specification of lathe
1.15 Work holding devices used in a lathe
1.16 Cutting speed, feed and depth of cut in lathe
1.17 Tools used in a lathe
1.18 Operations performed in a lathe
1.19 Taper turning
1.20 Thread cutting

Chapter 02 Drilling Machine 31

2.1 Introduction
2.2 Drilling Method
2.3 Construction of a drilling machine
