- The classroom should have adequate space for movement; the play space should ensure safety of children i.e. prevent children from running out and getting hurt from grievous injury.
- The furniture and toys need to be child –friendly and free from any sharp edges.
- Doors should be light in weight and should not be of self locking or swinging type.
- There should be mesh in all the windows to prevent mosquitoes coming in.
- No toxic paint should be used for play material/ equipment. The equipment should not have any sharp corners, jutting nails etc. and should be sturdy.
- Play material should not have any loose parts which children may swallow by mistake.
- Maintenance of outdoor equipment should be regularly attended to, in order to protect children from injury.
- Electric outlets which are accessible to the children must have protective caps when outlets are not in use.
- Any arrangement made by the school for transporting children should be safe, comfortable and convenient.
- Items of potential danger or cleaners like: flammable liquids, toxic material, soaps and detergent etc. must be kept in original container with original label. These should be stored in an area not in use by the children and is away from the kitchen.
- During cleaning, daily inspection of indoor and outdoor area must be done to search for sharp objects (needle, pins, branches), poisonous foliage and mushrooms, bee or wasp nest and depth of area under swings.

Identity Cards

- Every center must provide photo identity card to each child.
- Who so ever is coming to pick and drop children must carry their identity cards issued by the school administration. Security guards must check their Identity cards every time they enter in the school premises.

Pickup and Drop off Facility

- There should be a designated place to drop and pick up the children by the parents. Teachers of their respective classes must be present at one side of that area and should themselves, handover the children to their parents/ guardians.
- The place must be restricted with door/ screen or rope. Any outsider and parent should not be allowed to cross the restricted area.

Closed-Circuit Television (CCTV)

- CCTV cameras should be installed in all the classrooms. So that, the entire center could be monitored video surveillance.
- Camera should also be installed at the entry and exit gates, at reception area, waiting area, play ground, outside the toilets, and corridors.
- At least one security guard should be assigned duty to continuously observe the activities on TV screen.

Child Abuse and Rights

- No physical or emotional abuse. No corporal punishment. Children should not be neglected.
