- coordinating implementation of recommendations of NSC
- administrative works related to Indian Statistical Institute.

8.2.2.2 National Sample Survey Office

National Sample Survey Office (NSSO), headed by a Director General, is responsible for conduct of national level large scale sample surveys in diverse fields. Primarily, data are collected through nation-wide household surveys on various socio-economic subjects. Besides these surveys, NSSO collects data on rural and urban prices and plays a significant role in the improvement of crop statistics through monitoring the area enumeration and crop estimation surveys of the State agencies. It also maintains a sampling frame of urban area units for conducting sample surveys in urban areas.

NSSO has four divisions. The divisions and their responsibilities are listed below:

(i) Survey Design and Research Division

This division, located at Kolkata, is responsible for

- technical planning of surveys
- formulation of concepts and definitions
- preparation of sampling design
- designing of inquiry schedules
- drawing up of tabulation plan
- analysing and presenting survey results.

(ii) Field Operations Division

The headquarters of this division is at Delhi. This division has a network of 6 Zonal Offices, 49 Regional Offices and 118 Sub-Regional Offices spread throughout the country. This division is responsible for collection of primary data for the surveys undertaken by NSSO.

(iii) Data Processing Division

The Division, with its headquarters at Kolkata and 6 Data Processing Centers at various places, is responsible for

- selection of sample subjects
- developing relevant software
- processing, validation and tabulation of the data collected through surveys.
