entrepreneurship. As the government's Skill India programme expands, it will produce more people who can use credit well. Stronger linkages between the programme and financial institutions will have to be built.

FINANCIAL LITERACY AND CONSUMER PROTECTION

Finally, as the excluded are drawn into formal financial services, they will encounter aggressive selling and in some cases outright mis-selling. At the Reserve Bank, we are conscious of our need to expand financial literacy so that the consumer is more aware. In the coming weeks, we will be launching a nationwide campaign trying to impart some basic messages on sound financial practice. We are also looking to have financial education included in the school curriculum across the country.

In 2015, the RBI came out with five principles that banks had to follow in dealing with customers. We asked banks to implement this Charter of Consumer Rights, and asked them to appoint an internal ombudsman to monitor the grievance redressal process. We now will examine how banks are faring, and whether further regulations are needed to strengthen consumer protection. We will especially focus on mis-selling of third-party products such as insurance, as well as the extension of adequate grievance redressal to rural areas, including through the RBI's ombudsman scheme.

CONCLUSION

The country has come a long way in the process of financial inclusion, but still has a way to go. We are steadily moving from mandates, subsidies, and reliance on the public sector banks for inclusion to creating enabling frameworks that make it attractive for all financial institutions to target the excluded, even while the interests of the excluded are protected through education, competition and
