Many thanks, Savak and Farida, but I give no guarantees that I will not impose on you in the future.

I have greatly benefited from my conversations with many people while researching and writing this book. I am particularly grateful to Yezdi H. Malegam, the *éminence grise* of Indian central banking, for reading the manuscript, and offering expert advice and guidance. He deserves my gratitude for his unremitting enthusiasm and valuable suggestions about the content and development of the undertaking. I am also greatly in his debt for having agreed to write the Foreword to this book. Deepak Parekh and his sister Harsha Parekh, who spoke to me at length about their uncle H. T. Parekh, deserve my deep thanks for sparing time for me and patiently answering my questions. A similar debt is owed to N. Vaghul, who made time for me and spoke candidly about R.K. Talwar and H.T. Parekh, both of whom he knew very well, and held in the highest esteem. Nasser Munjee also deserves my thanks for the long and entertaining session he spared time for. He was instrumental in clarifying many points and also provided some invaluable nuggets on the early days of HDFC and on its founder H.T. Parekh. I would also like to thank S.N. Sawaiker and S.A. Dave for sparing time to talk to me about R.K. Talwar.

Milee Ashwarya, Anukriti Sharma, and Trisha Bora at Random House India were diligent editors whose contributions have greatly improved the book. Milee was enthusiastic about the book from the start and her energy in handling the book was unflagging and is deeply appreciated. Anukriti's diligent and conscientious editing has added polish, grace, and clarity to many rough edges. While all attempts have been made to ensure the accuracy of facts, and also to ensure that I did not inadvertently fail to give due citations, I will be happy if errors or omissions are brought to my notice. In a letter to his friend, Benjamin Franklin said about his life, 'I shall not object to a new edition of mine; hoping however that the errata of the last may be corrected'. I feel the same about this book.

I would like to thank Baby George for his help in typing out my research notes. Thanks are also due to my assistants Prabha 'Chinti' Jadhav and Jagat Singh. Jagat photocopied and spiral-bound thousands of pages and played the role of courier, odd-job man, and messenger to perfection. Gulshen Patel and Rajagopal Ranganathan also provided significant assistance along the way and deserve my warmest thanks.
