Daniel Elam remarks on how Bhagat Singh [himself] borrowed from the writings of the Russian-born anarchist, Emma Goldman, which she discovered in his possession when she visited him in Lahore Jail cell at the end of March 1931. 'Bhagat Singh's writings on anarchism reflect a direct engagement with Emma Goldman's writing,' writes Elam. It is easy to forget today how quickly it transformed a country of oppressed peasantry into an industrial giant, eliminating poverty, establishing free healthcare, free education, subsidized housing and a
