farm bills were withdrawn. It had taken 358 days of protests, with 719 dead, but the announcement only ‘emboldened many in the camps who said they would not leave until other significant issues in the agriculture sector had been resolved . . .’. [16] By early 2022, there was widespread acclaim of how ‘the farmers persevered through chilly winters, blistering summers, monsoon floods, the pandemic’s second wave, and a relentless, ruthless propaganda war unleashed by the government through its lapdog corporate media’ and all in order to ‘win against the right-wing government of Narendra Modi . . .’. [17] But why did the farmers ever choose the name of Bhagat Singh? Why, when there were so many freedom fighters to find inspiration from? The answer lies in part in Bhagat Singh’s family—a family led by his grandfather, Arjan Singh, whose name is now forgotten, but to whom we must now turn.
