- If you want the drawing to be compatible with a previous version of CorelDRAW, choose a version from the **Version** list box.
- If you want to save the drawing to a vector file format other than CorelDRAW(CDR), choose a file format from the **Save as type**.

7.1 Saving an existing Drawing

You can save an existing document simply by clicking the **Save** button in the Standard Toolbar or by choosing **File > Save (Ctrl + S)**, which causes your most recent changes to be saved immediately without opening any dialogs.

8. Closing Document Files

To close a document, you can use one of these actions:

1. Click the **Close** button in the upper right corner of your document window. (or)
2. Choose **File > Close** or **Window > Close Window** or Press **Ctrl + F4**.
3. If you have more than one document file open, choosing **Window > Close All** closes all files at once.

Whichever method you use to close your documents, you'll be prompted to choose whether or not to save any recent changes you've made.

When closing multiple files, CorelDRAW prompts you for saving changes to each changed document.
