Renaming a Page

There may be a number of pages in your document and each page is assigned a name by default such as Page 1, Page 2, etc. You can see Page 1 is the page name beside the horizontal scroll bar. This page name has no concern whatsoever with the file name or document name with which you saved your work. You can change these page names to a more meaningful name.

To Rename a Page

1. Click on **Layout**. The layout menu will appear.
2. Click on **Rename Page**. Rename Page dialog box will appear.
3. Type the name of the page in the Page name box.
4. Click on OK button. The name of the page will be changed.
