5. Changing Social Norms

Some couple choose not to have children and we have to respect their decision. This way we will be able to help curb the problem of overpopulation.

6. Providing Tax Benefits or Concessions

Governments of various countries can come up with various regulations and policies related to tax exemption to help solve overpopulation. For example, they can waive certain parts of income tax or lower income tax rates for couples who have one or two children.

GLOSSARY

1. **Life expectancy:** average number of years a person is expected to live.
2. **Global warming:** unusual increase of earth's temperature due to the heat trapped in the atmosphere by green house gases.
