1. Planning

Planning is one of the important functions of management. Planning is defined as a 'function of the management that helps in developing a course of action for meeting the desired objectives, designed to fulfill overall organizational goals'.

Plate 6.4: Planning

Planning is necessary to ensure proper utilization of human and non-human resources. It is an intellectual activity that helps in avoiding confusion, uncertainties, risks and wastages. Planning is deciding in advance - what to do, when to do and how to do. It bridges the gap from where we are and where we want to be".

E.g.: Within a food service operation planning is essential in setting menu, forecasting production, scheduling employees, stating policies, procedures, methods, standards and budgets.

2. Organizing

Organizing is the function of management which deals with the arrangement, distribution and conduction of responsibilities in order to accomplish
