Scroll bars

Scrolling is the process of moving up and down or left and right through the document window. There are two scroll bars namely Vertical and Horizontal scroll bars for scrolling the document vertically or horizontally.

Rulers

There are two ruler. One is at the top and the other is at the left side.

To show the ruler

1. Click on **View**. The View menu will appear.
2. Click on **Show Rulers**. Rulers appear along the top and left sides of the document window.

To hide the ruler

1. Click on **View**. The View menu will appear.
2. Click on **Hide Rulers** to hide the rulers.

1.5 Entering Text in the Document

In PageMaker the text of the document can be typed inside a **text block.** So, you must use the **Text tool** to create those text blocks. After creating a Text block, you can type the text directly into the text block. As the characters are typed, the flashing vertical bar called the **insertion point**, moves to the right. When the text being typed reaches the end of the text block, PageMaker will automatically wrap the text to the next line. The **Enter key** must not be pressed at the end of the each line in the text block. The **Enter key** should be pressed only at the end of a paragraph or when a blank line is to be inserted.

1.6 Editing Text in the Document

Editing means making changes to the text. When you edit a document, you revise its text. Editing encompasses many tasks, such as inserting and deleting words and phrases, correcting errors, and moving and copying text to different places in the document.

1.6.1 Selecting Text

Text can be selected using the **mouse** or the **keyboard**.
