

Figrue 5.22 Eraser Shape modifier

To erase filled areas or lines, follow these steps.

a) Click the Eraser Tool on the Tools panel.

b) Click Faucet modifier form the Options area.

c) Click the desired filled area or line which needs to be removed.

To erase by dragging, follow these steps.

a) Click the Eraser Tool on the Tools panel.

b) Click on the desired option from the Eraser Mode modifier and Eraser Shape modifier. A user must make sure that the Faucet modifier should not be selected.

c) Click and drag the mouse pointer on the area which needs to be removed.

5.10 Text Tool

This tool is used for inserting text on the stage. To use the Text Tool, follow these steps.

1. Click the Text Tool on the Tool Panel.
2. From the Property Inspector panel, select the desired font, font size, text colour, style, letter spacing, and alignment option for the text to be written in the text box.
3. For typing the text, perform any of these steps.

Click on the stage and start typing. This makes the text box to expand in accordance of the text written.

Draw a rectangular area by dragging the mouse pointer on the stage. This creates a fixed-size text box. Now, type the text in this text box. The text will automatically wrap according to the width of the text box.

5.11 Selecting Objects

Before you can edit any object on the Flash Stage, you need to select it. Flash offers many ways to select objects.

5.11.1 Selecting with the Selection tool

To select an object, click the Selection tool (the dark-colored arrow in the Tools panel) and click the object.

If the object doesn't have an outline and is just a fill, click the object with the Selection tool, and it's selected.
