

Figure 5.24 Object without outline

If the object has an outline and a fill, click on the fill to select only the fill. The outline remains deselected. To select both the fill and the outline, double-click on the fill.

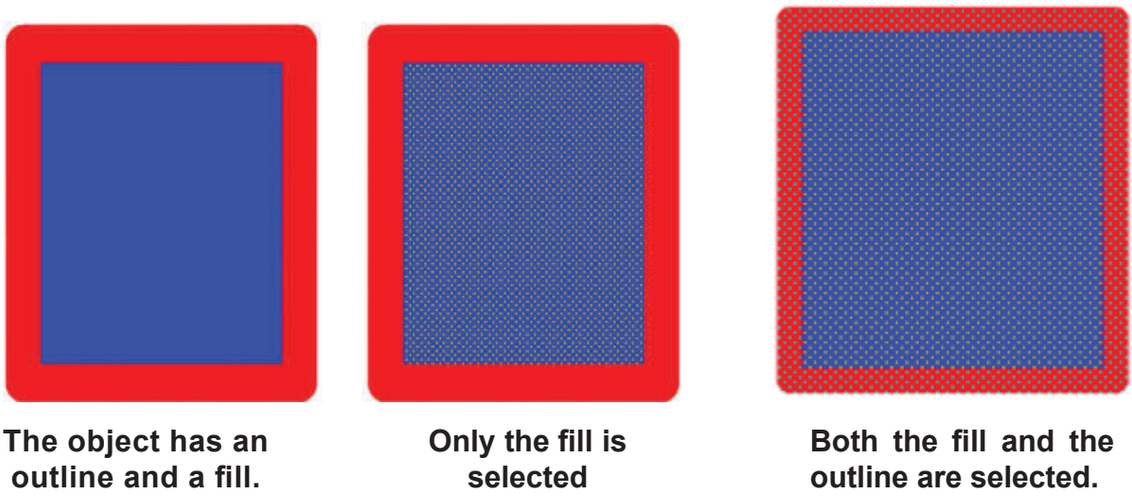

Figure 5.25 Object with outline

To select the entire object, you can use the Selection tool to create a selection box. Click at one corner and drag to an opposite corner, making sure that the bounding box completely encloses the object or objects that you want to select.
