- Panels have two states—either docked or floating. By default all panels in the Ribbon are docked in their respective tab. Drag and drop the panel in the drawing area to make it floating.
- You can send the panel back to its respective tab by clicking the small button at the top right side.

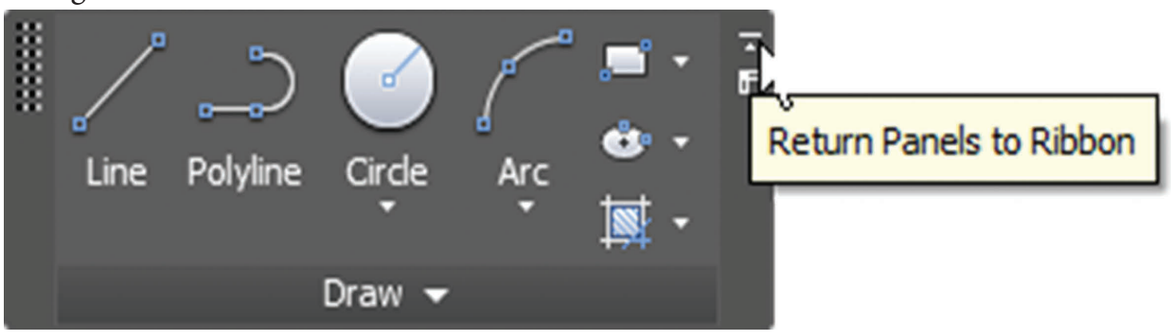

Fig. 6.19. **Draw Panel**

- While the panel is floating you can toggle the orientation.

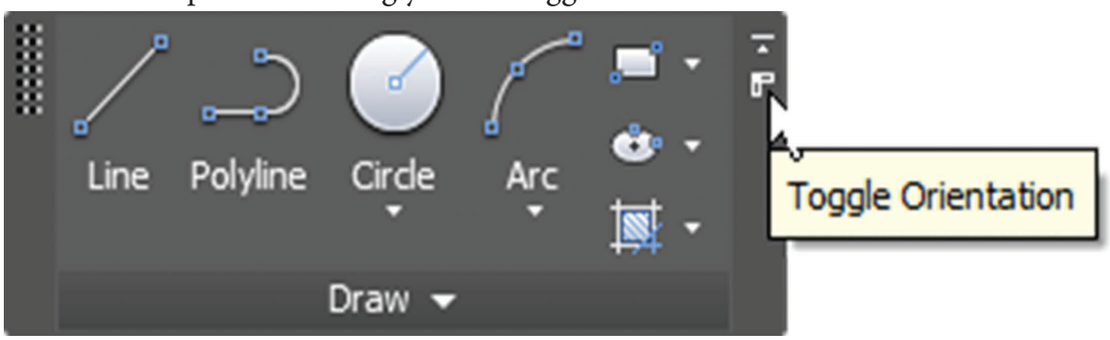

Fig. 6.20.

- It will either extend to the right or down.

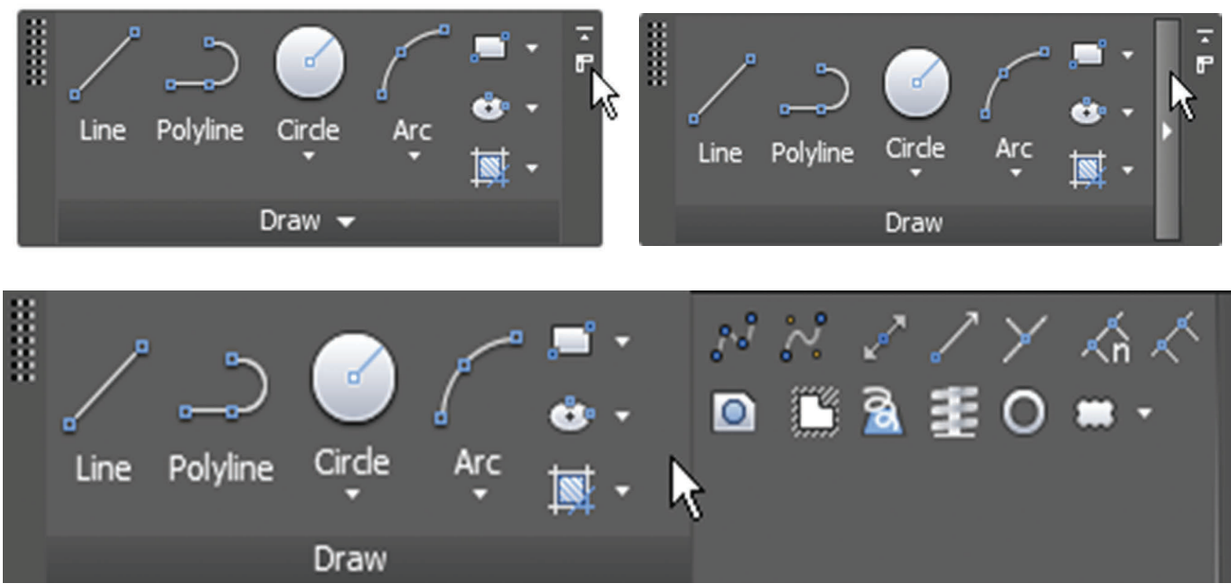

Fig. 6.21 **Extended to the right**
