Accpt → We have audited the attached balance Sheet of Harrison Co., Ltd., as at 31st March, 2017 and the profit and loss account for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used (significant and) estimates made by management, as evaluating the overall financial statement presentation. We believed that our audit provides a reasonable basis for our opinion.
