

Like many young people at the time, EMS joined the Congress party, and found himself gravitating towards the socialist group within the Congress, which included people like Jayaprakash Narayan, Kamaladevi Chattopadhyay and Ram Manohar Lohia.

The turn to communism

EMS spent his time in jail reading about revolutions that had taken place across the world. He was especially interested in the works of Karl Marx, whose ideas had given rise to the political philosophies of socialism and communism. In 1934, he was among the founders of the Kerala wing of the Congress Socialist Party (CSP). The CSP helped workers organize
