converted to USD using the average exchange rate of USD and INR from the RBI website (USD to INR Conversion rate, at: https://rbi.org.in/scripts/PublicationsView.aspx?id=17923). For the remaining period up to 2012–13, the data was taken from the AGMM 2012 presentation. The data for the period 2013–14 to 2016–17 was taken from Statista: (https://www.statista.com/statistics/754924/india-annual-revenue-tata-group/). It may also be noted that the data for Ratan's tenure was taken up to 2013 because only three months remained for the FY to end as he stepped down on 28 December 2012. Similarly, for Mistry's tenure, the data at the end of the FY in 2017 was taken because he was at the helm for the majority of the year (April to October 2016)
