DO YOU KNOW?

F1 Racing Car Disc Brake Pads for a Formula 1 car cost $250 a piece, and during the course of racing and testing, a team will use around 1000 of them each season. That makes for an annual bill of $250,000 for pads alone. Then there are the rotors, callipers, fluids and other components before you even start considering the things that make a car go rather than stop.
