UNIT 9

Chassis and Body

Contents

9.0 Introduction
9.1 Chassis Frame
- 9.1.1 Functions of the Chassis Frame
- 9.1.2 Types of Chassis Frame
  - 9.1.2.1 Conventional Frame
  - 9.1.2.2 Semi Integral Frame
  - 9.1.2.3 Integral Frame
- 9.1.3 Various Loads Acting on the Frame

9.2 Chassis
- 9.2.1 Construction of the Chassis
- 9.2.2 Parts Mounted on the Chassis Frame
- 9.2.3 Materials Used for the Chassis Frame

9.3 Important Dimensions of the Vehicle
9.4 Body
- 9.4.1 Functions of the Vehicle Body
- 9.4.2 Requirements of the Vehicle Body
- 9.4.3 Types of Vehicle Body
  - 9.4.3.1 Goods Vehicle Body
  - 9.4.3.2 Passenger Vehicle Body

9.5 Tinkering And Painting
- 9.5.1 Tinkering
- 9.5.2 Tools Used for Tinkering
- 9.5.3 Painting
- 9.5.4 Precautions to be Followed During Tinkering and Painting

7H1K34

Learning objectives

1. To make the student to understand about the need, purpose and types of Chassis frame, sub systems of chassis mounted on the chassis.
2. To make the student to understand on vehicle body, classification of vehicles.
