9.13 LEGAL AND ETHICAL ASPECTS

Indian pharmacopoeia: Drug complying with standards are prescribed in the Drugs and Cosmetics Act Standards include standards for identity, purity and potency. The government of most of the countries have established the drug standards which are published in the pharmacopoeia. In our country, the ministry of health and family welfare of Indian government, published third edition by the year 2000.

The drug and cosmetic act provides for the establishment of three control agencies to regulate, manufacture, sale, distribute, import and export of drugs.

1. Advisory agencies
2. Analytical agencies
3. Executive agencies

9.13.1 Drug Laws

1. The pharmacy act 1948
2. Dangerous drug act 1930
3. Drug and cosmetic act 1940
4. Medicinal and toilet preparation act 1956

9.13.2 National Patient Safety Goals

These safety goals are based upon needs that are identified in the healthcare through research, patient reports, and clinician input.

1. To improve accuracy and identification of patient
2. Report critical lab tests that could affect medication administration
3. Improve the safety of using medication
